Community Action-Conquest of Crime

ROBERT K. WOETZEL

The startling statements made on every hand these days about the crime rate's increasing 50 per cent in the last ten years, and the fact that it's continuing to increase three and a half times faster than our population, are cause for alarm to every citizen.

To focus community attention on the problem and highlight causes and possible steps to be taken toward the conquest of crime, a special series has been organized, coordinated by Mr. Selmer O. Wake, director of Adult Education.

Entitled Community Action and the Conquest of Crime, meetings will be held on the four Monday nights of October in the Lobero Theater.

State Attorney General Thomas C. Lynch will launch the series Oct. 4, with a discussion of "Are Our Courts Making Law Enforcement More Difficult?"

Joseph D. Lohman, dean of

the School of Criminology Berkeley, will speak the following week on "The Making of a Criminal." Walter D. Bar, director of correction for California, will give a report the next Monday night on his work entitled "Is Our Correction System Working?"

Dr. Robert K. Woetzel, staff member of the Center for the Study of Democratic Institutions, who has made a study of crime in the United States and Germany and written several books about it, will deliver the final talk Oct. 11, "The Conquest of Crime."

Another organization experimenting with people's lives is the Synanon Foundation, Inc. It is a non-profit organization which claims to be set up for the care and treatment of drug addicts. In California it is located at 1351 Ocean Avenue, Santa Monica and at 2061 California Street, San Francisco. Other chapters are located at Reno, Nevada and at Westport, Conn. The organization was originally called "The Tender Loving Care Club."

In a criminal case before the Municipal Court of Santa Monica Judicial District, County of Los Angeles, California, the People of the State of California VS Synanon Foundation, Inc., Charles Dederick, Adaline Ainlay, John P. Barisoff, Jerome W. Pratt, Defendants, for violation of Article 100 Welfare and Institutions Code, State of California, and Sections 1400, 11391 of the Health and Safety Code, State of California, and Section 9105 Santa Monica Municipal Code, the defendants were found guilty, placed on probation for two years and the case is on appeal. John P. Barisoff, a founder, testified that married couples resident at the Synanon "Home" were unable to have sex without permission of a doctor, and then only, if approved, at a stated time in a special room 12 feet by 15 feet containing a couch, a king-size bed, a TV set with nothing inside of it and draperies. Single or married, drug addicts were encouraged to have sex as a form of therapy, and those who did not participate were punished.

Robert Acardo, a former inmate of the "Home" swore that during his stay from May to October, 1959, he saw many inmates under the influence of narcotics. He swore he was told he had a "sex mental block" and was a latent homosexual. And that he was encouraged to select a female and have sex and that he was told that he could prolong the sex act and stay two hours in a selected room. He swore he was in worse condition when he left Synanon than when he arrived.

Thelma Neville swore she first met the head of Synanon, Charles E. Dederick, an ex-alcoholic, at an Alcoholics Anonymous meeting. She swore Dederick often stated in her presence at the greatest emotional outlet for mental health is sex and that he encouraged members to have sex affairs to "release emotional tensions."

The Research Director of Synanon, Lewis B. Blonsky, wrote in his book, "The Violent Gang," "Core sociopathic youths, after being properly identified, need to be arrested, tempo-

rarily incarcerated and involuntarily forced into a community like the Synanon system which has the potential for involving them with and adequately socializing them into the inclusive society. It may be necessary to use the power of the law in court to force them into Synanon."

One of Synanon's lawyers is Robert Truehaft, husband of Jessica Mitford. They are both identified Communists, as shown in the California Reports on Un-American Activities. Another lawyer connected with Synanon is Richard Bancroft whose connections are shown in Part 4, Page 192 of the U. S. Senate Internal Security Committee Hearing entitled "Interlocking Subversion." Matthew Tobriner, a California Supreme Court Judge, is a sponsor of Synanon. He is the signer of a message to Congress against the H.C.U.A. on behalf of the National Federation for Constitutional Liberties, a cited Communist front. His affiliations are shown in the California Committee on Un-American Activities Report for 1947, Page 79 and for 1948, Pages 329-352.

The head of Synanon is reported as a devout "liberal" Catholic. In Santa Monica teen age dances are held on Saturday nights so the youngsters can mingle with the addicts. This may be "therapy" for the addicts, but what is it for the teen-agers?

An example of depravity and Communism working hand-in-hand was seen at the Convention of the Daughters of Bilitis, a national lesbian, homosexual society, held at the Hotel Barbizon Plaza in New York City on June 20, 1964. One of the speakers was Dr. Ralph Gundlach who was discharged from the University of Washington for being a Communist Party member. He was reported as being a contact of Gregori Kheifets, an NKVD supervisor who operated from the U.S.S.R. Consulate in San Francisco. Dr. Gundlach is now a practicing psychologist in New York City and a consultant at children's mental health clinics.

Drugs, Doctors, Depravity, Defeat

Over the years the Communists have been working on their plan to establish a completely materialistic, Communist world by destroying the existing social order based on belief in God and morality. In the program of the Communist International 1936, page 80, we read, "Communists never demean themselves to dissemble their opinions and their aims. They openly proclaim that their ends can be gained only by the violent subversion of the whole traditional social order."

Section 3, Page 81 of the Statutes of the Communist International states: "A member of a Communist Party (and of the Communist International) is one who accepts the program and statutes of the Communist Party of the country in which he lives and those of the Communist International, belongs to one of the basic organizations of the Party, does active work therein and submits to all the decisions of the Party and the International."

Referring to "the subversion of the whole traditional social order," this involves a wide range of activities from the promotion of depravity, pornography, glorifying illicit sex, use of drugs, downgrading of patriotism; undermining, liberalizing and eventually destroying religion; demoralizing the Armed Forces and the Police; controlling elected and appointed officials through ideology, bribery or blackmail; propagandizing the people into believing there is nothing to worry about, weakening the will to resist and removing all opposition by smear, vilification, fear, neutralization, confusion, compromise and, if all else fails, by an arranged "accidental" death or simulated "suicide." All Communists, whether open members, secret underground members, "sleepers," front organization activists, or conscious willing fellow travelers, are under Party discipline and are obliged to carry out the instructions and orders of their superiors in the Party. Theirs is not to reason why, but to do or die.

The World Federation for Mental Health has its Secretariat at 19 Manchester St., London W-1, England. It is admittedly affiliated with the United Nations, the International Labor Organization, the World Health Organization, UNESCO and UNICEF. At their 16th Annual Meeting held at Amsterdam, the Netherlands, they discussed the mental health problems of the world as related to population movements and how best to handle the future shifting of populations by means of a "mental health program."

At the Disarmament Symposium, held at the University of Michigan, there were in attendance in addition to the Disarmament Plotters the following: David Singer, Anatol Rappaport and William Horvath of the Mental Health Institute, University of Michigan; Charles A. McClelland and Ralph M. Goldman of the Institute for Research on International Behavior of San Francisco State College; and Wayman J. Crow, Associate Director of the Western Behavioral Sciences Institute, San Diego State College.

At the Scientists on Survival, Inc. Congress, at the Hotel Roosevelt, New York City, June 19th to 21st, 1964, Disarmament under World Government with U. N. "Peace Keeping" Forces was being promoted. Among those present were U. S. officials, Soviet officials, U. N. officials, Peacefronters and the following whose part in the overall plan is to condition the people to accept the planners' schemes docilely: Matthew Huxley of the National Institute of Mental Health; L. Erlenmeyer-Kimling of the Psychiatric Institute, Inc.; Hector Ritey, director of the Metropolitan Center for Mental Health; Bryant M. Wedge, Director of the Institute of Human Behavior of Princeton University; Prof. Jerome D. Frank of the Department of Psychiatry of Johns Hopkins University; and Prof. Robert J. Lifton of the Department of Psychiatry of Yale University. Other persons present whose names are well known to anti-Communists were: W. H. (Ping) Ferry of the Fund for the Republic who hates the F.B.I.; Bayard Rustin, "Civil Rights" leader and convicted homosexual; A. J. Muste, perennial Communist-fronter; George Hauser, American Committee on Africa, who is involved with the "emerging nations of Africa;" and last but not least, Homer Jack of SANE.

Matt Cveric, the late patriot and F.B.I. counter spy, writing for "American Mercury" March, 1959 issue, stated: "Much of the fear-thought on mental health propaganda (the need for it) has an ulterior Communist motive behind it. A very considerable amount of the concern about declining mental health has been engendered by Kremlin agents. Through the professional units of the Communist conspiracy, Reds are funneled into the social, health and welfare fields of our local, state and national governments and institutions. During the nine years that I posed as a Communist for our F.B.I., I learned that up to one-third of the members of the Communist Party professional units were assigned to the all-important work of spreading confusion."

However, while they are spreading confusion, they themselves know exactly what they are

doing. One wonders why the left-wingers, liberals and Communists are so strong for fluoridation. Perhaps this may shed some light on subject. Charles Eliot Perkins, a top research chemist who was sent to Germany to take charge of the I. G. Farben Chemical Industries (one of the largest in the world) at the end of World War II, wrote a book called "The Truth About Water Fluoridation." Some of the statements he made were questioned by the Lee Foundation for Nutritional Research of Milwaukee, Wisconsin. I answered them in a letter written October 3, 1964, from which we quote:

"I have your letter asking for further documentation regarding a statement made in my book to the effect that the idea of water fluoridation was brought to England by the Russian Communist, Kreminoff."

"In the 1930's Hitler and the German Nazis envisioned a world to be dominated and controlled by the Nazi philosophy of Pan-Germanism. German chemists worked out a very ingenious and far-reaching plan of mass control which was submitted to and adopted by the German General Staff. This plan was to control the population in any given area through mass manipulation of drinking water supplies. By this method they could control the population of war areas, reduce the population by water medication that would produce sterility in the women and children. In this scheme of mass control, sodium fluoride occupied a prominent place. We are aided by the fanatical ideologists who are advocating the fluoridation of water supplies in this country. Their purpose is to reduce tooth decay in children and it is the plausibility of this plan, the gullibility of the public and the cupidity of the officials that is responsible for the present spread of artificial water fluoridation in this country."

"However, and I want to make this very finite and very positive — the real reason behind water fluoridation is not to benefit children's teeth. If this were the real reason, there are many ways in which it could be done that are much easier, cheaper and far more effective. The real purpose behind water fluoridation is to reduce the resistance of the masses to domination and control and loss of liberty. The rear occiput of the left lobe of the brain is a small area of brain tissue that is responsible for the individual's power of resistance. Repeated doses of fluorine will gradually reduce the individual's power of resistance by slowly poisoning and narcotizing this area of brain tissue and make them submi-

The enclosed pamphlet was placed
with a purchase I made at Ho Lo Drug
Store this afternoon. Said Ho Lo Drug
is located in the shopping center located
at Sepulveda and Sherman Way.

Some tragic accusations are made
and it sounds like to know if truthful
statements have been made or if there
is some form of deception.

Undoubtedly this is being passed out
to our customers shopping at this store.

Over the years the Communists have been working on their plan to establish a completely materialistic, Communist world by destroying the existing social order based on belief in God and morality. In the program of the Communist International 1936, page 80, we read, "Communists never demean themselves to dissemble their opinions and their aims. They openly proclaim that their ends can be gained only by the violent subversion of the whole traditional social order."

Section 3, Page 81 of the Statutes of the Communist International states: "A member of a Communist Party (and of the Communist International) is one who accepts the program and statutes of the Communist Party of the country in which he lives and those of the Communist International, belongs to one of the basic organizations of the Party, does active work therein and submits to all the decisions of the Party and the International."

Referring to "the subversion of the whole traditional social order," this involves a wide range of activities from the promotion of depravity, pornography, glorifying illicit sex, use of drugs, downgrading of patriotism; undermining, liberalizing and eventually destroying religion; demoralizing the Armed Forces and the Police; controlling elected and appointed officials through ideology, bribery or blackmail; propagandizing the people into believing there is nothing to worry about, weakening the will to resist and removing all opposition by smear, vilification, fear, neutralization, confusion, compromise and, if all else fails, by an arranged "accidental" death or simulated "suicide." All Communists, whether open members, secret underground members, "sleepers," front organization activists, or conscious willing fellow travelers, are under Party discipline and are obliged to carry out the instructions and orders of their superiors in the Party. Theirs is not to reason why, but to do or die.

The World Federation for Mental Health has its Secretariat at 19 Manchester St., London W-1, England. doing. One wonders why the left-wingers, liberals and Communists are so strong for fluoridation. Perhaps this may shed some light on the subject. Charles Eliot Perkins, a top research chemist who was sent to Germany to take charge of the I. G. Some of the statements he made were questioned by the Lee Foundation for Nutritional Research of Milwaukee, Wisconsin. He answered them in a letter written October 3, 1954 from which we quote:

"I have your letter asking for further documentation regarding a statement made in my book to the effect that the idea of water fluoridation was brought to England by the Russian Communist, Kreminoff.

This plan was to control the population in any given area through mass medication of drinking water supplies. By this method they could control the population of whole areas, reduce the population by water medication that would produce sterility in the women and so on. In this scheme of mass control, sodium fluoride occupied a prominent place. We are told by the fanatical ideologists who are advocating the fluoridation of water supplies in this country that their purpose is to reduce tooth decay in children and it is the plausibility of this plus the gullibility of the public and the cupidity of public officials that is responsible for the present spread of artificial water fluoridation in this country.

"However, and I want to make this very definite and very positive — the real reason behind water fluoridation is not to benefit children's teeth. If this were the real reason, there are many ways in which it could be done that are much easier, cheaper and far more effective. The real purpose behind water fluoridation is to reduce the resistance of the masses to domination and control and loss of liberty. In the rear occiput of the left lobe of the brain there is a small area of brain tissue that is responsible for the individual's power to resist domination. Repeated doses of fluorine will in time gradually reduce the individual's power to resist by slowly poisoning and narcotizing this area of brain tissue and make them submissive

to those who wish to govern him.

"I was told the entire scheme by a German chemist who was an official of the I. G. Farben Chemical Industries and prominent in the Nazi movement at the time. I say this with all the earnestness and sincerity of a scientist who has spent nearly twenty years research into the chemistry, bio-chemistry physiology and pathology of fluorides. Any person who drinks artificially fluoridated water for a period of one year or more will never again be the same person mentally or physically."

Another dangerous drug being used with ill effects being concealed from the general public is L.S.D.-25, a by-product of ergot (a black rye fungus), known chemically as D-Lysergic Acid Diethylamide Tartate. Dr. Albert Hoffman, of the internationally known Swiss pharmaceutical manufacturing firm of Sandoz A. G., conducted a series of experiments with this drug. He found a daily speck of the drug given to an unsuspecting victim would soon destroy him and his associates' belief in his sanity. Dr. Hoffman stated that one pound of the drug placed in the water supply of a city as large as New York would produce a temporary psychosis in the entire population. During this time invading troops (or revolutionaries) could occupy the city completely without resistance.

Dr. E. L. Krupa testified that LSD-25 produces a temporary madness by destroying the individual's will to think and communicate. Within six hours people can be reduced to babbling idiots. (An article verifying the above concerning LSD-25 appeared in "Life" magazine on March 15, 1962.)

Mr. Don McCullum, age 52, of 4211 East Sixth Street, Long Beach, California, has started suit for \$500,000.00 against Myron Stolaroff, the President of the International Institute of Advanced Studies, 1149 Chestnut Avenue, Menlo Park, California, and the Rev. Dr. Ray Charles Jarman, Pastor of the Christian Chapel, 3030 East Firestone Blvd., South Gate, Los Angeles County, California. McCullum claims that, as a result of the defendants giving him doses of the drug LSD-25, which produces feelings of the most unimagineable beauty and peace, he became temporarily insane and that it caused him to attempt suicide on March 7, 1962. As a result he spent nearly three months as a mental patient in Orange County Hospital, California. He stated that the drug was administered to him by the Rev. Dr. Jarman and personnel of Stolaroff's Institute.

THE HERALD OF FREEDOM

15; 1962 stated that agents of the California Board of Medical Examiners had seized a quantity of drugs in the Chapel of the Rev. Jarman. As a result the Sheriff's Crime Laboratory made analyses of the various drugs found, and among them was a quantity of Lysergic Acid, a quantity of Methadrine (a stimulant), a quantity of Librium (a tranquillizer), and a large quantity consisting of six plastic bags of Pago-pela, a powerful aphrodisiac which is prepared by only one American firm located in Brooklyn. This aphrodisiac comes from the Dominican Republic and is used by Indians in jungle orgies.

It was alleged that the Rev. Dr. Jarman was administering LSD-25 and the powerful aphrodisiac to members of his congregation. The State Investigator who handled the case was Sid Wilson. The analysis was made by Dr. Keith Ditman.

The other defendant in the case, Myron Stoloroff, has a foundation in the San Francisco Bay Area. Associated with him in the foundation as an adviser was the late Aldous Huxley, notorious left-winger and atheist.

LSD-25 has been used among college students and others for the fantastic effect it has on the mind in the form of conveying the person almost to another world. It also has some tie-in with sex. The drug is administered in the most minute quantities. It is said to be tasteless and odorless, and is being used in experiments in a number of university research institutes and also by many college students and professors for the effect it gives.

On Wednesday, April 3, 1963, the Federal authorities arrested Bernard Roseman, age 28, and Bernard Copely, age 26, who had been operating the Hypnosopic Institute at Joshua Tree, San Bernardino County, California, and seized three pints of LSD-25. A Federal undercover agent, H. E. Pilsen, had turned over \$15,000 in \$100 bills for the three pints. Both men were brought before U.S. Commissioner Donald B. Constine in San Francisco who set bail at ten thousand dollars each. The three pints were said to be sufficient to make up 18,000 doses which would sell for almost a quarter of a million dollars in the black market. U.S. Attorney Cecil Poole of San Francisco said the two men would be charged with smuggling. The U.S. Attorney further stated that the drug had been manufactured by the Weitzman Institute in Israel, and smuggled into the United States. A spokesman for the Federal Food and Drug Administration was quoted as saying, "LSD-25 is one of the most powerful agents known to man, capable of causing serious mental changes with extremely small

doses."

Another organization experimenting with peoples' lives is the Synanon Foundation, Inc. This is a non-profit organization which claims to be set up for the care and treatment of drug addicts. In California it is located at 1351 Ocean Front, Santa Monica and at 2061 California Street, San Francisco. Other chapters are located at Reno, Nevada and at Westport, Conn. The organization was originally called "The Tender Loving Care Club."

In a criminal case before the Municipal Court of Santa Monica Judicial District, County of Los Angeles, California, the People of the State of California VS Synanon Foundation, Inc., Charles E. Dederick, Adaline Ainlay, John P. Barisoff and Jesse W. Pratt, Defendants, for violation of Section 5700 Welfare and Institutions Code, State of California, and Sections 1400, 11391 of the Health and Safety Code, State of California, and Section 9105 Santa Monica Municipal Code, the defendants were found guilty, placed on probation for two years and the case is on appeal.

John P. Barisoff, a founder, testified that married couples resident at the Synanon "Home" were unable to have sex without permission of a director, and then only, if approved, at a stated time in a special room 12 feet by 15 foot containing a couch, a king-size bed, a TV set with nothing inside of it and draperies. Single or married, the drug addicts were encouraged to have sex as a form of therapy, and those who did not participate were punished.

Robert Acardo, a former inmate of the "Home" swore that during his stay from May to October, 1959, he saw many inmates under the influence of narcotics. He swore he was told he had a "sex mental block" and was a latent homosexual and that he was encouraged to select a female and have sex and that he was told that he should prolong the sex act and stay two hours in the selected room. He swore he was in worse condition when he left Synanon than when he arrived.

Thelma Neville swore she first met the head of Synanon, Charles E. Dederick, an ex-alcoholic, at an Alcoholics Anonymous meeting. She swore Dederick often stated in her presence that the greatest emotional outlet for mental health is sex and that he encouraged members to have sex affairs to "release emotional tensions."

The Research Director of Synanon, Lewis Yablonsky, wrote in his book, "The Violent Gang," "Core sociopathic youths, after being properly identified, need to be arrested, tempo-

In a new book published by former intelligence agent Frank Capell of Box #3, The Herald of Freedom, Zarephath, New Jersey, 08890, Secretary of State Dr. Henry A. Kissinger has been unmasked as a SOVIET AGENT...

Vice-President Nelson A. Rockefeller has been unmasked as an active COMMUNIST by none other than General Walter Bedell Smith while he headed the Central Intelligence Agency. For proof of this read page #367 of the book "O.S.S. - The Secret History of America's First Intelligence Agency", published by University of California press at Berkeley, California and written by R. Harris Smith, former research analyst of the C.I.A.

Need we say more???

This Communist Manifesto, promulgated in the '50s is still in effect; their policy of exterminating Americans over age 30 has not changed.

Will you and your family survive the mass extermination planned for you by the Communists?? Think again!!!

Will you tolerate dedicated Communists in our Executive Branch of the United States government?

NOTE: Dr. Henry A. Kissinger who is our Secretary of State owes his allegiance to his masters in the KREMLIN..All his political activities are dictated by the monsters in Moscow...
...This traitor has mesmerized our Commander in Chief...
Dr. Kissinger poses a great danger to the FREE world and to the survival of the United States as a nation.

The Committee for the removal
of Dr. Henry A. Kissinger, an
unmasked Soviet agent.

Beware of treachery!!!

REDS PLOT DEATH OF AMERICANS OVER 30.

Published in the Worger News-Herald, April 16, 1954

(An editorial by J. C. Phillips)

It was the Editor's privilege twice to hear Matt Cvetic, who was a "Communist" for the F. B. I., tell his story and discuss the Communist Conspiracy.

The American people owe a great deal to this man. He sacrificed the love and respect of his immediate family and his friends who for over a period of nine years believed him to be a traitor to his country. His mother died with a broken heart firmly convinced that he was a Communist. His sons disowned him and his father tried to get him to change his name. His wife left him.

There are a few things that Mr. Cvetic said that all Americans should hear, and should remember, even though they may not follow his entire story.

One-third of the population of the United States would be slaughtered, once the Communists took over. Both men and women over 30 would be liquidated with the exception of a few who might prove useful to the conspiracy. This revolutionary criminal thing would not take the time to re-educate older people. They would kill them.

This is one startling revelation that the editor received in personal contact with this great man. Mr. Cvetic also said that as a member of the American Polit-Bureau, where he was believed to be one of the so-called party men, they often discussed how Communists, would themselves, be liquidated. The Polit-Bureau took this cold and calculated view: "Since their own government couldn't trust them, neither could we."

Mr. Cvetic told the editor how these native born American Communists talked among themselves. They referred to Russia as their motherland. Joseph Stalin was their leader. They called him Comrade Stalin. They spoke of "their glorious red army." When talking about American soldiers, they referred to them as "fascist butchers." The government of the United States was "imperialistic, or fascist or war mongering," and a lot of things that Mr. Cvetic couldn't repeat in mixed company.

He believes that the solution to the problem lies in the proper education of the American people, particularly the youth. He says academic freedom is not involved. What is involved is a criminal conspiracy.

(Those who are sincerely interested in academic freedom ought to have "certain professors" explain why they do not teach about the twenty million slaves in Russian concentration camps, about the mass murder of Russian farmers, about the cruel working conditions imposed upon the Russian people, about the impromptu shooting, without trial, of people who offend the Soviet State, and all of the other ugly things about Communism, instead of a beautiful theory not supported by the existing facts.)

He cannot understand red-blooded American who would hesitate to pledge their loyalty to their country. He was talking about professors who objected to signing any loyalty oath. Most of these "objecting" Professors who pled academic freedom, would be the first to die, to be liquidated, come the revolution.

We have here a great man, a man who has served his country well.

Because of his experience as an under-cover agent for the F.B.I., he knows the Communist conspiracy from the inside out and he is telling his story direct to the American people.

We owe Matt Cvetic a debt of gratitude.

With COMMUNISTS Nelson A. Rockefeller & Dr. Henry A. Kissinger
in the executive branch of our government in Washington, expect
no return of our POW and MIA.
